

PRODISPLAY®

Vanity Mirror TV

The Vanity Mirror TV combines a high-tint reflective mirror surface with an integrated LCD display, offering a practical way to integrate visual technology into premium interior spaces. When the screen turns off, the display completely disappears, leaving a clean, standard mirror surface. This dual-function design makes it an ideal choice for hotels, residential bathrooms, salons, and changing rooms where maintaining interior aesthetics is a priority.

SPECIFICATIONS

- Standard TV Sizes: 21.5", 32"
- Mirror widths: 750mm to 2400mm
Mirror heights: 700mm to 2400mm
- Resolution: Full HD or 4K
- High quality Mirrorvision® vanity mirror surface

BENEFITS

- Transforms from a high-quality mirror when turned off, to a clear Smart TV when on.
- Space-saving design combines two essential household items into one.
- Eliminates the intrusive look of a large black screen.
- Optimal balance between clear reflectivity and crisp video transmission.
- Options for frameless minimalist edges, antique frames, or custom feature walls.

APPLICATIONS

- Residential bathrooms
- Bedrooms and dressing rooms
- Luxury hospitality
- Retail and fitting rooms
- Salons and wellness spaces
